

The CWSI fire alarm advantage...

Not only do the CWSI fire alarm systems meet ALL of the local, state, and national fire codes, but you can experience these savings...

# Bldgs	Telco Lines	Monitoring Accts	Wiring Service	Monthly Total	Annual Total
5	\$350	\$200	\$100	\$650	\$7,800
10	\$700	\$400	\$200	\$1,300	\$15,600
15	\$1,050	\$600	\$300	\$1,950	\$23,400
20	\$1,400	\$800	\$400	\$2,600	\$31,200

When you network your buildings on CWSI's wireless system, you only need two phone lines and one monitoring account!

You also save THOUSANDS on the installation, because there's almost NO wiring.
 You ELIMINATE 99% of the risk of lightning damage to your system.
 You ELIMINATE 99% of the risk of GROUND FAULTS - those nasty ghosts that rack up service hours.
 All detectors have TAMPER switches to catch residents that take them down.
 Batteries last 3-4 years and can be purchased at almost any store that sells batteries.
 If you are RETRO-FITTING a building, there is NO LOST RENT due to construction!

CALL American Alarms today, to find out more ways to save on your next project.
